IMPORTANT - PLEASE READ CAREFULLY

By installing the Software (as defined below) and/or copying the Software, you ("Licensee") (either on behalf of yourself as an individual or on behalf of an entity as its authorised representative) agree to all of the terms of this End User License Agreement ("EULA") regarding your use of the Software. If you do not agree with all of the terms of this EULA, do not install, copy or otherwise use the Software.

DEFINITION

Software means the proprietary computer software program EazyEFT and any related updates supplied by Lir Software Limited ("Lir Software").

EVALUATION LICENSE

Subject to the terms contained in this EULA, Lir Software hereby grants Licensee a non-exclusive, non-transferable license to download and use the evaluation version of the Software without charge for evaluation purposes, and only for internal use. This Software is licensed, not sold. During the Evaluation Period, Licensee has the option of paying an annual license fee in order to be able to use the unrestricted version of the Software and to qualify for online support and free updates. Check our

website at www.lirsoftware.com for the latest pricing / ordering details. Upon receipt of payment of the annual license fee, Lir Software will provide Licensee with a license file, which when installed, entitles Licensee to use the Software for a period of one calendar year.

Licensee may : (i) install the Software on a hard disk or other storage device; (ii) install and use the Software on a file server for use on a local area network ("LAN") for the purposes of (a) permanent installation onto hard disks or other storage devices or (b) use of the Software over such network; (iii) copy the Software for back-up or archival purposes; (v) distribute copies of the evaluation version of the Software (see below).

One licensed copy of the Software entitles Licensee to install one copy of the data files, either on a local hard disk or on a file server, for simultaneous access by multiple users. If you would like to install multiple copies of the data files (e.g. different departments, multiple sites etc.) then each copy must be licensed separately.

Before their existing license period expires, Licensee has the option to renew their existing license for an additional one year period. If Licensee chooses not to renew their license, Licensee loses any rights to the Software on expiry of their present license.

RESTRICTIONS

Licensee may NOT : (i) reverse engineer, decompile, or disassemble the Software; (ii) modify, or create derivative works based upon, the Software in whole or in part; (iii) remove any proprietary notices or labels on the Software; (iv) resell, lease, rent, transfer, sublicense, or otherwise transfer rights to the Software; (v) distribute copies of the licensed version of the Software.

NO REFUND

Because the Software is provided free of charge during the Evaluation Period to allow potential customers to evaluate and test it before paying the license fee, Lir Software enforces a strict no-refund policy. Please evaluate and test the Software

carefully during the Evaluation Period. Once you pay the license fee, your payment is final and you may not be reimbursed.

There is no charge for any of the above. Licensee is specifically prohibited from charging, or requesting donations, for any such copies, however made; and from distributing the Software and/or documentation with other products (commercial or otherwise) without prior written permission.
